Dear Radiography Program Applicant:

Thank you for your interest in the [Radiography Program at UNLV](#). The instructions for your application into the Radiography Program are included in this packet. **The Radiography Program has limited entry and admission is a competitive process.** You must be admitted to UNLV and complete the online [Radiography Application](#) along with all supporting documents.

Please review the entire application process for consideration for acceptance into the Radiography Program. Information about [UNLV](#) can be found on the main website www.unlv.edu. Information about Radiography Program can be found on the program's website <https://www.unlv.edu/hpds/radiography>.

Applications are due February 28. The following are required for admission consideration:

- **Minimum 2.5 Cumulative GPA or higher**
- **Copies of ALL course grades and unofficial transcripts of all colleges attended**
- **Current Degree Worksheet (From a Health Science Advisor)**
- **Pre-admission counseling with the RAD Program Director**
 - (email- radiography@unlv.edu or call 702-895-3296)
- **Completed [online application](#) to the RAD Program**
- **One-page Personal Statement**
- **All supporting documents**

Incomplete applications will not be reviewed by the admissions committee.

The selected students start the program in the fall semester. Accepted students and alternates will be notified once the selection is complete.

Professionally yours,

Chad Hensley Ph.D., R.T.(R)(MR)
Program Director

ABOUT RADIOLOGY AND UNLV

THE FIELD OF RADIOLOGY

Radiography was the first medical imaging technique developed shortly after the discovery of X-Rays in 1895, by Wilhelm Conrad Roentgen. Since that time, Radiography has remained the basic medical imaging technique with major advances occurring in the field as a result of advances in technology, equipment and the computer. With the development of the mini-computer in the early 1970s, medical imaging entered the world of computer technology resulting in improvements in radiographic equipment. Other developments include advanced imaging techniques such as computed tomography, in the early 1970s, and magnetic resonance imaging, in the early 1980's. These advanced imaging techniques have certifying exams, which may require certification in Radiography as a prerequisite.

CAREER OPPORTUNITIES

Careers in the field are found in a variety of settings from small rural centers to large urban hospitals and clinics and even in some foreign countries where shortages in Technologists are evident. Radiography is a field of its own with advancements possible with additional education and training. Graduates can enter the field as staff Radiographers and with additional certifications, education and administrative positions or into the field of education.

FACILITIES AND FACULTY

Campus facilities in the Rod Lee Bigelow Health Sciences Building provide the student with hands-on experience. These facilities include three radiographic laboratories. The program is affiliated with major hospitals and clinics in the Las Vegas, North Las Vegas and Henderson areas.

Clinical facilities provide students with practical experiences under the direction of imaging professionals and campus faculty. The program provides didactic and laboratory instruction by full-time, part-time and adjunct professionals.

ACCREDITATION

The Radiography curriculum is a structured program and accredited by the Joint Review Committee on Education Radiologic Technology (JRCERT). The curriculum includes required classes in English, mathematics, computer science and biology; and radiography didactic, laboratory and clinical courses. Upon successful completion of the program, the student is eligible to take the national American Registry of Radiologic Technologists' (ARRT) certifying exam in Radiography

Current accreditation status is 8-Years.

MISSION, GOALS AND ADMISSION

The Radiography Program is housed within the School of Integrated Health Sciences in the Department of Health Physics and Diagnostic Sciences. The Program offers a Baccalaureate degree in Comprehensive Medical Imaging (CMI)– Radiography. The program is designed to prepare students for entry-level clinical practice.

MISSION

In concert with the Mission and Goals of the University of Nevada, Las Vegas, the Radiography Program is dedicated to the education of students in preparation for entry level clinical practice. Program administration, faculty and staff provide didactic and clinical education opportunities, which adhere to recognized standards, to all eligible students. The Program is committed to graduating students who are prepared to write appropriate certifying examinations and who are prepared to become practicing Radiography Professionals.

GOALS AND OUTCOMES

1. Students will become clinically competent.
 - a. Students will display proper radiologic positioning skills.
 - b. Students will demonstrate proper exposure factor selection.
 - c. Students will practice proper radiation safety.
 - d. Students will provide appropriate patient care.
2. Students will develop acceptable critical thinking skills.
 - a. Students will recognize patient conditions and initiate appropriate treatments.
 - b. Students will determine corrective measures that may be needed for suboptimal radiographs.
3. Students will develop acceptable communication skills.
 - a. Students will communicate effectively with patients and others.
 - b. Students will demonstrate effective written communication skills.
4. Students will demonstrate professionalism.
 - a. Students will demonstrate professional behaviors.
 - b. Students will demonstrate a professional work ethic.

ADMISSION PROCESS

Applicant files are reviewed by the Program Admissions Committee during the spring semester for acceptance to the class starting in the fall semester. Admission is based on the accumulation of points. Points are awarded based on the following:

Academic History	Percentage of total points (84 pts possible)
Cumulative GPA (GPA of all colleges attended, including UNLV)	14%
Select course grades*	43%
Personal Statement (See application information)	18%
Prior experience (See application information)	12%
Prior application (Points are awarded for up to (2) reapplications)	7%
Committee points (Awarded by the Admissions Committee)	6%

*The following courses are awarded points based on the grades received from a standard 4.0 scale

RAD 100	BIO 189	KIN 223	CS 115 or IS 101
RAD 117	ENG 101&102	KIN 224	MATH 126/127 or higher

BACHELOR OF SCIENCE IN COMPREHENSIVE MEDICAL IMAGING CURRICULUM CONCENTRATION IN RADIOLOGICAL SCIENCES/RADIOGRAPHY

GENERAL EDUCATION REQUIREMENTS (36-39)

- 1st and 2nd Year Seminars (4-6)

All courses must be taken in the order listed except PHYS 151, CHEM 108, RAD 102, HPS 420, and CMI 376 which may be taken during any semester offered. While it is strongly recommended CMI 360 be taken as written, it may also be taken whenever offered.

TRANSFER COURSEWORK, GRADUATION REQUIREMENTS, TITLE IX, & CLINICS

TRANSFER COURSEWORK

UNLV Radiography Program courses are only offered at UNLV. The Radiography Program **does not accept** transfer credit of previous Radiography courses taken at other institutions.

Students entering UNLV's Radiography Program may transfer some general education course work from other institutions. It should be noted that acceptance of courses is subject to change. Thus, prior to enrolling in a course, the student should verify that a course is still transferable with the UNLV Admissions Office. It is recommended that all students meet with their Health Science advisor.

GRADUATION REQUIREMENTS

1. Maintain an overall GPA of 2.5 or higher in all coursework.
2. Carry no more than 8 credits below a 'C' that is not an 'F' in any required coursework other than RAD/HPS/CMI.
3. Obtain a grade of 'C' or higher in RAD, HPS, CMI coursework.
 - a. May repeat any RAD, HPS, CMI course up to (2) times for grades below a 'C'.
 - b. An 'F' in any RAD coursework results in expulsion

TITLE IX

UNLV does not discriminate in its employment practices or in its educational programs or activities, including admissions, on the basis of sex/gender pursuant to Title IX, or on the basis of any other legally protected category as is set forth in NSHE Handbook Title 4, Chapter 8, Section 13. Reports of discriminatory misconduct, questions regarding Title IX, and/or concerns about noncompliance with Title IX or any other anti-discrimination laws or policies should be directed to UNLV's Title IX Coordinator. The [Title IX Coordinator](#) can be reached through the online reporting form at <https://www.unlv.edu/compliance/titleIX>, by phone at (702) 895-4055, by mail at 4505 S. Maryland Parkway, Box 451062, Las Vegas, NV, 89154-1062, or in person at Frank and Estella Beam Hall (BEH), Room 555.

CLINICAL OBLIGATIONS

Clinical education is a vital component in the training of a Technologist. The UNLV Radiography Program affiliates with acute care hospitals and outpatient imaging centers to provide a robust clinical education. UNLV faculty will assign students to clinical sites that provide a wide range of procedures. Clinical placement is solely determined by the Program and it is the student's responsibility to procure transportation to and from their clinical assignments.

Clinical assignments include:

1. 24 hours per week during the Fall II and Spring II semesters
2. 40 hours per week during Summer I and Summer II semesters
3. A minimum of 80 hours of a swing shift is required. A swing shift is defined as a shift ending at or after 7:00pm.
4. May be scheduled Monday-Sunday between 6:00am-9:30pm

RADIOGRAPHY PROGRAM APPLICATION INFORMATION

In concert with UNLV's Equal Opportunity commitment, the Radiography Program is readily accessible to all eligible individuals "without regard to their race, color, religion, gender, national origin, ancestry, age, disability, Vietnam-era and/or disabled veteran status, any protected class under relevant state and federal laws, and in accordance with the University Policy, sexual orientation."

PERSONAL INFORMATION

Personal demographics will be completed based on the information in MyUNLV.

Full Name

Address

Phone

NSHE #

UNLV Email Address

UNLV ACADEMIC INFORMATION

Have you previously applied to the UNLV Radiography Program?

- Reapplication points are awarded for up to two previously *eligible* applications.

Have you met with a Health Science Advisor?

- A degree worksheet, obtained by a Health Science Advisor, is require

ACADEMIC HISTORY

- List all colleges, technical schools, and universities attended. Unofficial transcripts must be included for all institutions, including UNLV.
- Cumulative GPA is calculated based on all previous college(s) GPA and UNLV.

EXPERIENCE

Do you have healthcare, civic, charitable, or other relevant experience? Must be within 4-years

- Proof of experience is required. Letters of reference from the previously identified experience is recommended but not required.

Do you hold any certifications or licenses?

- Must upload a copy of any certifications/licenses held.
- Only current certifications are eligible for points.

Do you have Military, Peace Corps, or related experience?

- Indicate your branch, rank, and years of service

STUDENT INVOLVEMENT

Are you a current STARS member?

- Copy of current registration receipt is required.

Are you on the PACE committee?

PERSONAL STATEMENT

The personal statement is meant to provide insight to the applicant's preparation and intentions for being a Radiologic Technologist. The statement should be written as a narrative essay with serious thought. The personal statement will be graded on the applicant's knowledge of radiography, question responses, grammar, and overall quality.

Do not put your name in or on the actual essay.

Answer the following questions:

1. Why are you choosing Radiography as a career?
2. What are your personal and professional goals?
3. What qualities do you possess that would make you a good Radiologic Technologist?

Your statement should adhere to the following guidelines

- 1 page maximum
- 12-point font
- Single spaced
- 1" margins

APPLICATION CHECKLIST

This checklist is designed to assist the applicant to ensure all required elements are gathered. This is not the application.
