

Fall 2024 Semester Federal Student Loan Adjustment Form

Student Name: _____ **NSHE:** _____

The Federal Subsidized Direct Loan and Federal Unsubsidized Direct Loan are the only loans a student can adjust to support one semester costs. Complete and sign this form and upload via the [Rebel Success Hub](#) at unlv.today/Rebel-Success.

Be advised that adjusting your loans maintains that you can only receive up to your annual limit for the academic year. This will result in less funding being available for the remainder of the academic year and could also mean that you may not have sufficient financial aid to assist you with paying tuition and fees. Visit the [Federal Student Aid - Subsidized and Unsubsidized Loans](#) page to learn more about federal loan annual limits.

By signing this form, I acknowledge I understand the following:

- I am requesting to receive the maximum amount permitted by regulation, up to my cost of attendance for the fall semester. Visit [Tuition and College Costs](#) to learn more about cost of attendance.
- The adjustment and disbursement of my federal loan to one semester may exhaust my federal student loan eligibility for the entire academic year.
- By requesting this, there may be no additional federal loan funds to assist me with paying for college expenses during the same academic year, and it will be my responsibility to pay for such expenses.
- My total aid cannot exceed my cost of attendance.
